Falling Rock Ranch ~ Mountain Home, TX ~ *Founding Silver Member*
Syfan over Kensing and Weinheimer

Our goats are pasture raised, survival of the fittest. They kid in the pasture with natural shelter. Hooves are kept neat by the rocky terrain of the Texas Hill Country. Forage is an abundance of Cedar/Juniper which is also a natural de-wormer, Live Oak, Chin Oak, Post Oak and Blackjack Oaks along with other less desirable plants that cattle will not eat. We vaccinate CDT mature stock annually and kids at 60 and 90 days. Predators are a major challenge for us in the Texas Hill Country. We employ LGD's and donkey's to provide protection.

DNA Registered and SGCS Certified Spanish Herd

Joe H. Short of Vanderpool, TX (my deceased uncle) He purchased Foundation Kensing Does from David Whitworth.	100	Syfan - 3 Mill Ranch, Mountain Home, Texas	2
